## An India-UK Technology Partnership Initiative

**The FutureTech Fest** is a thought leadership summit brought to you by the UK Government in India in partnership with Niti Ayog and the UK and India's brightest and best tech innovators, companies and organisations.

In April 2018 our two Prime Ministers, together in London, launched the formal India-UK Technology Partnership, with a thought-leadership summit - the FutureTech Fest - as a major deliverable.

Bringing together business, policy makers, venture capitalists, scientists and entrepreneurs with key themes exploring how we will WORK, LIVE and PLAY it will deliver thought-leadership, roundtable discussions and provide opportunities for collaboration at national and regional level in AI/ Data, India UK Tech Hubs, Cluster Partnerships, Future Healthcare, Future Mobility, Fintech and Cyber Security and more.

Come and join the very best UK and Indian tech companies as we explore and celebrate how the UK and India are addressing the world's challenges and opportunities together.

BRITAIN & NORTHERN IRELAND

## 2 years

since the UK voted to leave the EU and Theresa May chose India and the *India-UK TECH Summit* in Delhi as her first international bilateral since becoming Prime Minister.

## 8 months

from Prime Minister Modi's visit to the UK and launch of India-UK Technology Partnership.

## 3 months

before the UK leaves the EU. The FutureTech Fest is the platform to continue to drive forward India-UK technology collaboration as we look forward...

BRITAIN & NORTHERN IRELAND

## *Your engagement will deliver the Festival Objectives*

1. Demonstrating real progress in the India-UK Tech Partnership, linking the key pillars of the UK's post-Brexit industrial strategy and India's own growth trajectory.
2. Deliver thought-leadership on data/ AI governance, cyber security, privacy, future mobility, fintech and State-regional links.
3. It will increase trade, investment, technology and skills transfer.
4. Demonstrate the scale of UK-India tech capital, through the launch of a range of joint tech funds.
5. Through amazing exhibits, moments and speakers we will inspire and engage the decision makers of the near and immediate future and set a new path for India-UK collaboration.

WORK | PLAY | LIVE

## Who will you engage with?

- **Over 100 of the very best UK and Indian tech companies and organisations** exploring AI/Data, Future Healthcare, Future Mobility, Fintech, Createch, Cyber Security.
- Top CEOs, CTOs, investors and academics
- UK company missions covering infratech, medtech and life sciences and createch will visit Mumbai, Pune and Bangalore
- Witness the excitement of a live Fintech hackathon, cyber war games, and the world's best tech experiences and exhibits.

## THE M4ELECTRO

When electrifying passion meets engineering genius, the M4Electro is the result.

Through the contest #NameTheM4Electro, our race cars were christened 'Volt,' 'Raptor,' 'Apex' and 'Agni'; and these cars whizzed through some of the most iconic streets in the world.
