Virtual 5-10K sponsor £4,000

This is potentially a popular engagement tool, very much in step with companies' interest in health and wellbeing.

Email participants their race numbers, have them start running "together virtually" at a specific time.

Incentivise delegates to participate with t-shirts, medals or other items.

Social Media: Create a hashtag for your run and use it on social media for any relevant posts. Encourage participants to post photos.
